

JOHN GLENN, MBCI

Certified Business Continuity Planner

I have created complete enterprise, business unit, and IT-centric plans for Financial, Fortune 100, Government, Insurance, and International organizations for more than a decade.

I manage and mentor personnel on projects, in ad hoc groups, in departments, and in business.

With extensive documentation and training experience, my broad background includes call centers, computers, data centers, and networks, electronics, financial, government, manufacturing, process control, retail, telephony (cellular, CO, PABX), transportation, and two-way radio (HF, VHF, UHF, Tropo)

Extensive job-related domestic and international travel on US and Israeli passports is welcome.

Both consulting and staff opportunities will be entertained.

Resume, references, and more than 190 John Glenn-authored Business Continuity-related articles and presentations are linked from <http://JohnGlennMBCI.com>.
